Little Guy Worldwide TAB Teardrop Trailer

The TAB is back by popular demand. Inspired by the original teardrop trailer, this years TAB takes camping to the next level.

There are many choices for exterior colors. The TAB is lightweight and easy to pull behind most vehicles. There are many standard features that you are sure to enjoy, such as the vinyl flooring, an "easy up" indoor/outdoor table, and redesigned industrial strength entry door with sliding screen.

Each model is offered in a Basic, Quickstart, or Max package. The Quickstart models are a step up in features from the Basic units, and the Max have the most features including all that are offered as an option on the Basic and Quickstart as standard, plus a few more features for maximum comfort while camping.

There are also a few additional packages like the Sofitel which is an elegant twist on the TAB units. Choose the Sofitel package for your TAB model and get a customized upscale feel with refined exterior sidewalls in silver metallic, a tailored white table and counter tops inside, a glass top sink and folding faucet, accent lighting, and custom two-toned leather cushions, plus more.

Each TAB model with the exception of the class shell CS and CS-S is also offered in an Outback packaging. This choice is your best off-road TAB kit featuring a roof rack with cargo basket and off-road spare, a pitched axle, off-road wheels, a custom diamond plate tongue box, uber tough Marmoleum flooring, and more.

Come choose your TAB model, customize it with any package whether Basic, Quickstart, or Max, then maybe add an elegant twist with the upscale Sofitel package, or the rugged

off-road look of the Outback. The choice is all yours. Come make your selection today and enjoy camping at its best!

2015 TAB CS Basic

The TAB Basic CS model by Little Guy is called the clamshell and provides the largest cooking and storage area within the entire TAB line. This is an ideal teardrop trailer for those who love doing just about anything outside.

Open the rear hatch and start cooking. The outside kitchen features a single sink, and two burner stove with dual cabinets below. You can also add an optional 12 volt or 3-way refrigerator if you like. You will find there is plenty of counter space available as well.

Head inside to find two sofa beds with storage beneath that face one another and include a dining table between the two. This makes dining comfortable, and the table helps convert the sofas into a 70" x 58" bed. You will love the overhead pass-through cabinets along that rear interior wall.

You will also find a nice storage cabinet with counter-top for your things that comes in handy along the road side sofa bed. In this cabinet you could add an optional AC heat pump. There is also space for your hanging clothes in the front corner closet which includes a storage shelf. To complete the front of this clamshell Basic unit there is an additional bench seat with storage beneath, and some overhead cabinets as well.

You can add any available options like a front or side portal window, a 3-way or 12 volt refrigerator, an AC unit, convenient port-a-potty, a Bluetooth stereo system, gray water tank, or even a 19" entertainment center which includes Bluetooth functionality, plus more!

2015 TAB CS Max

The TAB CS Max teardrop trailer offers maximum features within the CS clam shell floor plan!

Check out the outdoor kitchen in the back hatch. This easily opens up and provides you with an outdoor kitchen in any location you dare to park it. Here you will find ample storage with an overhead set of cabinets that pass-through to the inside, plus lower cabinets beneath the counter-top. Cook up meals and snacks with the single sink and two burner stove combo. There is also a handy 12 volt refrigerator.

Head inside where you can relax and enjoy dining at the table between two sofa beds that provide storage below for your things. When it is time to get a little shut-eye the table converts the two sofas into a 70" x 58" bed. There is a small cabinet with counter-top along the road side sofa seat where you will find the AC heat pump below.

Notice the 3-speed Fantastic fan overhead to keep the air circulating, and some additional convenient features like a screen door, a port-a-potty, and a 19" entertainment center that includes an LED TV with Bluetooth stereo functionality.

Along the front of this CS Max unit you will also find plenty of storage with a tall closet in the corner for hanging clothes, plus it has a shelf inside. There is also the bench seating with storage beneath just inside the door on your right.

You can add a front or side portal window if you wish to have more natural light inside, but other than that, this unit comes with it all!

2015 TAB CS Quickstart

The TAB CS teardrop trailer featuring the Quickstart package comes in the same great layout as the CS Basic. It is still the clamshell with an outdoor kitchen in the rear, and lots of storage. The main difference is that with the Quickstart package some of the optional features on the Basic come standard!

In the rear kitchen you will easily be able to cook light meals and snacks with the two burner stove and single sink. There is also a 12 volt refrigerator, handy silverware drawer, plus plenty of storage both above and below the counter work space.

Head inside and enjoy ample seating with two sofas including a dining table between. When folded down and joined together you have a complete 70" x 58" bed. There is a Friedrich AC unit inside also, and storage all along the front including a wardrobe closet with shelf, and a front bench seat with more storage below.

This unit also comes standard with a port-a-potty, a Bluetooth stereo, alloy wheels including a spare, and more.

You can choose to add an optional front or side portal window, an Alde 110 tankless water heater system, or even a 19" entertainment center package with TV that includes Bluetooth stereo functionality, and more.
